Guidance on Bursaries

Means-tested bursaries

General

The Governors of Beaconhurst School are committed to broadening access to the school by offering to eligible parents/guardians mean-tested financial support with the payment of school fees. Such support is known as a Bursary and these may be awarded in the form of a discount of up to 100% on tuition fees payable, depending on the financial, compassionate or other pertinent circumstances of applicants.

Bursary awards may be subject to repeat testing of parental means each year and may be varied upwards or downwards, depending on parental circumstances. Awards are made on the basis of the Beaconhurst Scale of Awards, which sets out award levels in relation to a family's financial circumstances. The Scale of Awards is reviewed and revised annually by the Bursar and Chairman of the Finance Committee to reflect any changes in fee costs, and approved by the Governors. Though awards are generally tied to this scale, they may be varied upwards or downwards at the Governors' discretion, depending on any special circumstances affecting an individual parent/guardian's circumstances, compassionate or other pertinent considerations.

Requests for financial support usually fall into two categories:

- New applicants to the school where a place has been offered but parents/guardians are unable to fund the tuition fees
- Existing pupils where a change in parents/guardians' circumstances has resulted in difficulty in meeting tuition fees and may result in the child being withdrawn part way through a stage of education

New Applicants to the School

The Application Process

Bursaries may be made available to parents/guardians of children entering Transition in the Senior School of Beaconhurst.

They are awarded at the discretion of the Governors, and the Head and School Bursar are responsible for the management and co-ordination of the process.

Step 1 Parents/guardians seeking a bursary are required to complete an application form which seeks to establish the financial circumstances of the household. The form, which requests details of income and capital, must be accompanied by full documentary evidence. The completed forms, together with the necessary documentary evidence, are to be submitted to the Bursar no later than **December** prior to the school session for which the bursary is sought.

Step 2 The Bursar assesses all applications in order to establish the likely level of support which will be required in order to allow the child to attend the School. This may involve the Bursar's representative visiting the parents/guardians' home to ensure the information has been correctly interpreted and the basis of the financial assessment has been fair.

Step 3 The Bursar prepares a recommendation in accordance with the Beaconhurst Scale of Awards which is considered with the Head and a joint recommendation is then reached.

Step 4 The joint recommendation is presented to the Finance Committee for approval.

Step 5 **Early March.** The parents/guardians are advised whether their child is to be offered a place at the School and of the Bursary offer.

Step 6 Parents/guardians are then required to sign a letter accepting the place at the school and an acknowledgement agreeing to any conditions relating to the bursary.

The Case for Assistance

The Head and Bursar will consider a number of factors when making the judgement as to the justification for support, and the extent of such support. In the main, the child's suitability for the school is the first consideration in granting support.

Suitability In assessing a child's suitability, attention will be given to the academic assessment result of each applicant, but potential will also be considered as well as actual achievement. Bursary funds are limited and those judged most suitable will be given priority as those likely to gain most from the educational provision. Each pupil to whom support is offered must, in the opinion of the Head, be likely to make sound academic progress following admission and possess the potential to develop the quality of his or her work, and benefit from participation in the wider, extra-curricular activities on offer at the School.

In normal circumstances, each applicant should meet the School's normal academic requirements. Previous school reports will be consulted for evidence of good behaviour.

Financial Limitations

The amount of bursary award is not influenced by the level of the academic ability of the child but by the extent of need. Each case is assessed on its own merits and awards are made accordingly, subject to the School's ability to fund these within the context of what is viable within the context of its overall budget. It is recognised that judgements about what sacrifices a family should make to pay school fees will be personal. However, the School has a duty to ensure that all bursary grants are well focussed and so, as well as current earnings, other factors which will be considered in determining the necessary level of grant will include:

- The ability to improve the financial position or earning power of the family. For example, where there are two partners, both would be expected to be employed unless one is prevented from doing so through incapacity, the need to care for children under school age or other dependants, or the requirements of their partner's work.
- Opportunities to release any capital. Significant capital savings and investments would be expected to be used for the payment of school fees, as would equity values in houses.
- In cases of separation, the contribution made by the absent parent.
- Contribution to household costs by other, wider, family members, any adults unrelated to the child or outside sources.
- Where fees are being paid to other schools (or universities) the School's grant will take into account all these outgoings.
- Acknowledging that others might have a different view, the School considers that the following would not be consistent with the receipt of a bursary:
 - Frequent or expensive holidays
 - New or luxury cars
 - Investment in significant home improvements
 - A second property/land holdings

Other Factors

It is recognised that, in addition to academic ability and financial constraints, there may be other circumstances which should be considered. These include:

- Where a child has siblings at the School
- Where the social needs of the child are relevant (e.g. may be suffering from bullying at their present school)
- Where a parent/guardian is terminally ill or is unable to secure permanent employment due to poor health

- Where a separation has resulted in the child having to be withdrawn from the school adding to the stress of coping with the parents/guardians separating

Existing Pupils – Change in Family Circumstances

Within overall budget funding, the School will in normal circumstances set aside each year a Hardship Fund, for cases of sudden, unforeseen need or where applications meriting bursary assistance are received out of the normal calendar cycle for bursary submissions, scrutiny and award. This sum will be set within budgetary constraints. Parents/guardians with a child at the School whose financial circumstances suddenly change may apply for a bursary to the Head/Bursar, explaining their situation and using the Bursary Application form. Such awards are subject to the availability of funding and cannot be guaranteed.

Annual Review

All bursary awards will be subject to repeat testing of parental means each year (unless otherwise stated on the award letter) and may be varied upwards or downwards depending on parental circumstances. Current bursary holders may be issued with repeat means-testing forms (unless otherwise stated on the award letter) at the beginning of April each year for return by the end of the month. For those previously in receipt of bursaries, the Head and Bursar, in making their joint recommendation to the Finance Committee, have the discretion to recommend to the Governors the reduction or withdrawal of an award not only where a pupil's progress, attitude or behaviour has been unsatisfactory but also where the parents/guardians have failed to support the school, for example by the late payment of any contribution they are making to the fees.

Confidentiality

The School respects the confidentiality of bursary awards made to families and recipients are expected to do likewise.
